It was learned yesterday that the action of the committees of the two Democratic clubs recently formed was unauthorized by their respective clubs. It seems that the committees were appointed simply to confer together, in order that a pacific union might be brought about between the two factions, and then report back to their respective clubs.

It was also asserted that Mr. White went too far in expressing his willingness to resign from the chairmanship of the senior club.

Heights Agree to Submit.

Everything will be lovely on Barton Heights, dating from the meeting of the Council there has night.

In the contested election matter, Mr. Thomas W. Gardner appeared before a full meeting of the Council, over which the mayor presided, and gave it as his opinion that those defeated at the recent election must give up their offices on September 1st. He based this opinion on a decision of Judge Witt's in a case from Jackson Ward, and on an affirming decision of the Supreme Court, both cases heing very similar to this one. He also assured the Mayor and defeated Councilmen that they were within their duty in turning over all monles in their possession to their successors,

After hearing Mr. Gardner's statement, it was unanimously agreed to vacate the disputed offices, and what promised to be a cause celebre has vanished into nothingness.
